

WHAT WE BELIEVE

Rotaract should be FUN! At times, we may get stuck in a routine, but district events could be a catalyst to shake things up, but how do we get Rotaractors excited for district events?

PRE-EVENT FUN ACTIVITIES

TRANSPORTATION

Transportation may be a barrier for Rotaractors to participate in district level events. Organizing a car pool with Rotarians could be a fun way (and economical way) for all parties to participate in the district event. What better way to get to know your fellow Rotaractors than piling into one car for a mini road trip?

ROTARACT PLAYLIST

Creating a communal district wide spotify playlist for all to listen to on their way to the district event could be a fun way to get pumped up as well as get to know one another more through their taste in music!

EVENT ACTIVITIES

PAIRING OFF

District events could be intimidating for some Rotaractors. Putting Rotaractors in small groups of 2-3 will provide comfort in familiarity. Challenge the groups to then not sit with other Rotaract groups, but rather sit with their Rotary partners.

POST-EVENT ACTIVITIES

POST EVENT GATHERING

Having a post event gathering at a food or drink establishment has been shown to increase Rotaract bonding and give the Rotaractors an opportunity to exchange the ideas that they have learned from the district event.
