# EndPlasticSoup

## Our Goal

EndPlasticSoup is an initiative already supported by 3500 Rotarians of 800 Rotary & Rotaract Clubs worldwide, to solve the global plastic problem by working with all the 1.2 million Rotarians to beat plastic pollution.

EndPlasticSoup's Goal: By 2050 there will be no more plastic soup in the oceans, seas and no more plastic waste in our lakes, rivers, forests, parks and streets. Rotary and Rotaract Clubs worldwide work together to solve the plastic waste problem.

**We strongly believe that together with you and all Rotarians we can EndPlasticSoup!  
Join us now!**

Rotary Clubs and Districts from all over the world have already joined us, including Belize, Dominica, Sint Maarten, Spain, Norway, Germany, Switzerland, Italy, Russia, the Netherlands and others. Already taking local and regional actions to EndPlasticSoup.

Current and future District Governors support our initiative and ESRAG and WASRAG are supportive of our goals. Rotaract Europe chose End Plastic Now as their social program 2018–2019 and local Rotaract Clubs continue to engage.
